Terms of Service: The following are the Terms of Service for this Agreement between APG&E and Customer for the purchase of electricity.

1. Agreement to Purchase Energy: APG&E is certified as a REP by PUC and is not affiliated with any Utility. Customer hereby appoints APG&E as its limited agent for the purpose of acquiring the supplies necessary to meet its electricity needs. Delivery of electricity to Customer's Service Locations and maintenance of the electric delivery system is performed by Utility. PUC regulates distribution prices and services. FERC and ISO/RTO regulates transmission prices and services. APG&E agrees to sell, and Customer agrees to purchase and accept the quantity of electricity necessary to meet Customer's requirements based upon consumption data obtained by APG&E or the delivery schedule of Utility.

2. Eligibility: This Terms of Service is intended for Residential and/or Small Commercial meters, as defined herein, but all Customers who enter into this Agreement are bound by its terms.

3. Enrollment: This Agreement shall be effective upon return of Customer-signed Agreement to, and acceptance by, APG&E. For the duration of the Rescission Period Residential and Small Commercial Customers have the right to cancel this Agreement free of penalty or fee. Following the applicable Rescission Period, APG&E will use commercially reasonable efforts to commence service on the next available meter read date on or after Start Date.

4. Term: The Initial Term shall commence on the date Utility switches service to APG&E and will continue for the number of months thereafter as indicated by Contract Term selected on Schedule A. APG&E will provide Customer at least thirty (30) calendar days' notice in advance of the end of Initial Term. For Customers returning to Utility service or switching to another REP at the end of Initial Term, it may take up to sixty (60) days for Customer's accounts to be returned to Utility depending on Utility switching procedures, and Customer is responsible for all APG&E supply charges until Customer returns to Utility or switches to another REP. A final bill will be rendered after the final meter reading. Upon completion of the Initial Term, if Customer does not provide consent to renewal terms, this Agreement will automatically renew, and Customer shall continue to receive electric service from APG&E at a month-to-month variable Holdover Rate, until Customer renews with APG&E or switches to another REP or back to Utility. If Customer automatically renews on Holdover Rate, Customer may Terminate at any time without penalty. If Customer Terminates without selecting another REP Customer will be returned to the Utility. Customer may obtain the previous 24 months' average monthly billed Holdover Rates by visiting www.apge.com or calling APG&E (toll free). Historical pricing is not necessarily indicative of present or future pricing.

5. Blend and Extend: At any point during this Agreement Customer may request that APG&E calculate an offer to change Customer's Contract Price based on a weighted

average of the Contract Price in this Agreement and a mutually agreed price for an agreed extension to Initial Term ("Blend and Extend").

6. Metering and Measurement: Customer and APG&E accept the quantity, quality, and measurement determined by Utility providing delivery service to Service Locations, for purposes of accounting for electricity supplied under this Agreement, in accordance with the terms of the applicable tariff for retail delivery service.

7. Switching to APG&E: Utility may, at its discretion, charge a fee to switch Customer to APG&E. This charge will be passed through to Customer at cost.

8. Rate Plan: Customer's Product Information and Contract Price are set forth in Schedule A to this Agreement. If this Agreement was transacted using the services of a Broker or Aggregator, then the fee charged by Broker or Aggregator to Customer for such services may be included in Price. Customer may also pay a Base Charge per month, the amount of which, if applicable, is disclosed in Agreement.

9. Energy Usage Variance: Energy Usage Variance is **Full Swing**. Customer's Energy Usage for Service Locations on Schedule B is not subject to a maximum or minimum.

10. Intentionally left blank.

11. Credit Requirements: APG&E may use credit reporting agencies to document and evaluate Customer's credit and/or payment history. At the discretion of APG&E and to the extent allowed by law, APG&E may require a deposit from Customer or refuse service in accordance with PUC rules and regulations. In no event shall APG&E require security from Customer in excess of one-fifth (1/5th) of Customer's estimated annual billing.

12. Deposits: APG&E may require an additional deposit from Customer if Customer has two (2) or more late payments or has had one (1) Disconnection of Service in the previous twelve (12) months. Service may be disconnected or Terminated if a deposit is not paid within (10) days of any request for deposit. APG&E will apply any deposit held plus accrued interest, calculated at the rate approved by PUC, to the outstanding balance on the account's final bill or to the account's current balance when all of the following are satisfied: (i) Customer has paid bills for service for twelve (12) consecutive billings without having service disconnected for nonpayment and has not on more than two (2) occasions been delinquent; and (ii) the account is current. APG&E may disconnect service with or without prior written notice in accordance with PUC rules and regulations. No such deposit shall be required if the Customer is a governmental entity.

13. Billing: If actual meter readings are unavailable, invoices may be calculated based on estimated meter readings. Once actual meter readings are received, adjustments will be made on a subsequent invoice. Disconnection of electric service will not excuse Customer from paying any outstanding amounts

ELECTRICITY TERMS OF SERVICE – RESIDENTIAL AND SMALL COMMERCIAL

owed to APG&E and Customer will be responsible to pay APG&E for any electricity used prior to Termination of this Agreement as well as any late payment charges. Customer may request up to twenty-four (24) months of billing/payment history without charge no more than twice within a twelve (12) month period. Any additional requests shall result in a fee of \$5.00 per bill period requested. Utility Billed Customers will receive a consolidated bill from Utility for both APG&E and Utility Charges, at the billing intervals used by the Utility. Electricity usage will be measured or estimated by the Utility. Customer acknowledges and consents that Utility may provide APG&E Customer's billing and payment information as part of the billing process.

14. Payment: Customer payment will be due to the Utility by the date specified in the Utility consolidated bill. If Customer fails to pay on time, Customer could be subject to interest, and late charges imposed by Utility, and service could be disconnected. Utility may offer budget, leveled or other payment plans. APG&E does not offer budget billing for the generation portion of the bill. Dual billed or APG&E consolidated billed Customers will receive a monthly invoice from APG&E in either paper or electronic format, or both, as requested. There is no charge for electronic formatted bills or electronic payment. All invoices rendered are due when received and are past due if not paid within sixteen (16) days of the date of the bill ("Due Date"). Late payments, delinquent or past due balances will result in a late payment fee equal to 5% of the month's past due amount. If Customer fails to pay for electric service, the above listed late fees may be applied, and APG&E will have the right to authorize disconnection of Customer's electric service, in lieu of terminating this Agreement. APG&E will notify Customer ten (14) calendar days prior to termination of this Agreement for non-payment. Upon satisfactory correction of the reasons for disconnection, Customer may reinstate electric service and will be charged a \$50 reconnect fee. A \$30 insufficient funds fee per transaction shall be assessed against any transaction not processed due to insufficient funds or credit availability for any method of payment including checks, bank drafts or credit card transactions. Customer is responsible for payment of all electricity consumed at the contracted Service Locations; hence, APG&E may auto-debit Customer's account without notice for any and all final amounts due after the account is in non-active status with APG&E. If a check is returned to APG&E for any reason, APG&E may auto-debit the Customer's account without notice for the amount due plus the \$30 returned check fee.

15. Collections: APG&E reserves the right to automatically charge the credit/debit card and/or checking account for any unpaid balances that are deemed past due and/or in collection status. If the account is referred to a collection company, APG&E reserves the right to bill a fee not to exceed 33% of the amount being collected. If the account is referred for legal action, any and all attorney fees and court costs will be billed to Customer. Customer shall be responsible for any and all fees associated with collecting on any amounts owed

to APG&E, including but not limited to any fees charged by the collection agency or other entity.

16. Taxes: Customer will pay all applicable taxes, fees and charges associated with the purchase of electric service under this Agreement. APG&E will not be liable for any taxes not paid by Customer.

17. APG&E Termination Rights: Customer affirms to APG&E that Customer has provided APG&E with the correct and complete Customer name, address and contact information, and Customer does not have any outstanding balance or conflicting contractual obligations with APG&E or any other REP. If there is any evidence that any of these statements are or become untrue, that Customer has withheld pertinent information, or that Customer otherwise provided fraudulent or misrepresented information, APG&E may Terminate this Agreement immediately. APG&E may end this Agreement, at no cost to APG&E, if (a) required or allowed by law, (b) Utility is unable to service Customer's Service Locations, or (c) Customer defaults or breaches this Agreement. APG&E will provide Customer (i) at least thirty (30) calendar days' notice of termination under this section, and (ii) at least five (5) calendar days to cure such Customer default or breach of this Agreement. If APG&E Terminates this Agreement, Customer must still pay all APG&E charges through the date Customer is switched to Utility or another REP and any applicable ETFs.

18. Customer's Move, Sale or Close Rights: If Customer's total Annual Expected kWh per Schedule B is less than 250,000 kWh it will not be an Event of Default and no Early Termination Fee will be due if Customer discontinues service of any meter prior to expiration of this Agreement, due to the sale or closure of a Service Location, provided Customer provides thirty (30) calendar days' advance written notice to APG&E, a forwarding address, and other evidence as required by APG&E verifying such move, sale, or closure and such move, sale or close occurs no earlier than the Estimated Start Date. If a Medium or Large Commercial Customer, as defined herein, moves to another premise within APG&E's service area, Customer agrees to resume service with APG&E at the new premise.

19. Early Termination: If Customer Terminates this Agreement, or drops any meters listed in Schedule B from service, prior to the end of the Initial Term for any other reason, except as expressly provided herein, Customer will be charged an Early Termination Fee ("ETF") for such meters.

20. Early Termination Fee: For **Residential** Service Locations ETF will be applied as follows:

Contract Term per Schedule A	Early Termination Fee
<24 Months	\$150
24 Months to 35 Months	\$250
>35 Months	\$350

For **non-Residential** Service Locations ETF will be applied as follows:

ELECTRICITY TERMS OF SERVICE – RESIDENTIAL AND SMALL COMMERCIAL

Annual kWh of Dropped Meters	Early Termination Fee
<100,000	\$50 per unused month
100,001 - 200,000	\$100 per unused month
200,001 - 300,000	\$150 per unused month
300,001 - 400,000	\$200 per unused month
400,001+	\$250 per unused month

For Customers with Annual kWh greater than 500,000, ETF will be equal to the greater of \$250 per unused month or the sum of a commercially reasonable calculation of kWh remaining to be delivered per Schedule B ("Remaining Volume") multiplied by (a) 0.5 cents per kWh plus (b) the greater of (i) 1.0 cent per kWh or (ii) the positive difference, if any, between Contract Price and current market based price for the aggregate load of all Customer Service Locations, plus all applicable taxes, associated costs and reasonable legal expenses related to calculating and collecting such ETFs. ETF shall be immediately due and payable by Customer to APG&E within five (5) calendar days following such Early Termination. Parties agree that the amounts recoverable hereunder are a reasonable estimate of loss and not a penalty. If Customer is still under contract with their previous REP that shall not relieve Customer of the obligations under this Agreement and Customer will be responsible for all charges including an ETF. Customer is responsible for payment of all outstanding charges incurred through the date on which the Termination is effected by Utility. APG&E's obligations will end after the meter read date where APG&E is no longer designated as Customer's REP or when Customer's electric service is disconnected by Utility. Customer's obligations under this Agreement will end when the account balance is paid in full, including any ETF.

21. Customer Information Release: Customer's execution of this Agreement shall constitute authorization for APG&E to obtain and review certain information from Customer's Utility, including consumption history. This authorization will remain in effect during Initial Term and any Renewal Term of this Agreement. APG&E will take reasonable steps to protect Customer's personal information as required by applicable law and PUC. APG&E is prohibited from disclosing certain Customer Information (Social Security number, account number(s), phone number, or billing data) without Customer's written consent except as required for APG&E collections and reporting, participating in Universal Service Fund programs, or assigning a Customer's Agreement to another REP.

22. Disputes or Complaints: Customer shall contact APG&E with any questions or concerns. If a dispute arises, APG&E and Customer agree to negotiate in good faith. If negotiations fail, then APG&E and Customer may by mutual agreement submit the dispute to mediation or may choose to submit the dispute for a final and binding arbitration conducted in accordance with the American Arbitration Association (AAA) by a single arbitrator selected through the procedures of the AAA. Arbitrations shall be held in Harris County, Texas. At any

time during a dispute Customer may contact PUC. During the pendency of a dispute Customer is not obligated to pay specific disputed amounts. Medium, Mercantile, and Large Commercial Customers, as defined herein, understand and agree that PUC Customer Protection Rights afforded to Residential and Small Commercial Customers, as defined herein, are not applicable.

23. Non-Discrimination: APG&E does not discriminate, deny service, or require a prepayment or deposit for service based on a customer's race, creed, color, religion, national origin, ancestry, sex, gender, marital status, sexual preference, age, lawful source of income, level of income, disability, familial status, geographic location, location of a customer in an economically distressed geographic area, receipt of public assistance income, or qualification for low income or energy efficiency services.

24. Change in Law: If Change in Law occurs and creates additional costs to APG&E not currently included in Contract Price or increases cost components of Contract Price, then such costs may be passed through to Customer. If Change in Law occurs and APG&E is otherwise prevented or prohibited from (1) carrying out or enforcing this Agreement or (2) passing through such costs, APG&E shall have the right to terminate this Agreement upon thirty (30) calendar days' notice.

25. Force Majeure: "Force Majeure" shall mean any cause not reasonably within the control of the party claiming suspension and which by exercise of due diligence, such party is unable to prevent or overcome, including but not limited to, any act or cause which is deemed a Force Majeure by Utility or any transmitting entity. If either party is unable, wholly or in part, by Force Majeure to perform or comply with any obligations or conditions of this Agreement, such party shall give immediate written notice, to the maximum extent practicable, to the other party. Such obligations or conditions, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused, and such party shall be relieved of liability and shall suffer no prejudice for failure to perform the same during the period. The party claiming suspension of obligations must in good faith attempt to mitigate and/or terminate the Force Majeure.

26. Governing Law and Venue: This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Texas and venue shall be proper in Harris County, Texas. The provisions of the Uniform Commercial Code ("UCC") shall apply to this Agreement and electricity shall be a "good" for purposes of the UCC. The UCC can be viewed at www.statutes.legis.state.tx.us.

27. Assignment: Customer may not assign this Agreement, in whole or in part, or any of its rights or obligations hereunder without the prior written consent of APG&E. APG&E may without Customer's consent: (a) transfer, sell, pledge, encumber or assign this Agreement or the accounts, revenues or proceeds hereof in connection with any financing or other financial agreement; (b) transfer or assign this Agreement to an affiliate of APG&E; (c) transfer or assign this Agreement to any person or entity succeeding to all or substantially all of

ELECTRICITY TERMS OF SERVICE – RESIDENTIAL AND SMALL COMMERCIAL

the assets of APG&E; and/or (d) transfer or assign this Agreement to another REP. Upon any such assignment, Customer agrees that APG&E shall have no further obligations hereunder.

28. Limitations of Liability: FOR BREACH OF ANY PROVISION OF THIS AGREEMENT FOR WHICH AN EXPRESS REMEDY IS PROVIDED, SUCH EXPRESS REMEDY SHALL BE THE SOLE AND EXCLUSIVE REMEDY. THE BREACHING PARTY'S LIABILITY SHALL BE LIMITED AS SET FORTH IN SUCH PROVISION AND ALL OTHER DAMAGES AT LAW OR IN EQUITY SHALL NOT APPLY. IF NO EXPRESS REMEDY IS PROVIDED, APG&E'S LIABILITY SHALL BE LIMITED TO DIRECT ACTUAL DAMAGES ONLY. SUCH DIRECT ACTUAL DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY AND ALL OTHER REMEDIES AT LAW OR IN EQUITY ARE HEREBY WAIVED. IN NO EVENT SHALL CUSTOMER OR APG&E BE LIABLE FOR ANY PUNITIVE, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, INDIRECT, THIRD-PARTY CLAIMS OR OTHER DAMAGES WHETHER BASED ON CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, OR FOR LOST PROFITS ARISING FROM A BREACH OF THIS AGREEMENT.

29. Severability: If any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall continue in full force without being invalidated in any way.

30. Representations and Warranties: UNLESS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, APG&E PROVIDES, AND CUSTOMER RECEIVES NO WARRANTIES, EXPRESS OR IMPLIED, STATUTORY, OR OTHERWISE AND APG&E SPECIFICALLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. The electricity sold under this Agreement will meet the applicable Utility's quality standards and will be supplied from a variety of sources. Customer represents and warrants that Service Locations identified as commercial premise(s) on the Schedule B are not residential facilities and that any other meter, which is classified by Utility as residential, is part of a

commercial account, and is expressly used for commercial purposes. You further represent and warrant that the Service Locations identified as residential premise(s) on Schedule B are strictly residential facilities.

31. Delay or Failure to Exercise Rights: No partial performance, delay or failure on the part of APG&E in exercising any rights under this Agreement and no partial or single exercise thereof shall constitute a waiver of such rights or of any other rights hereunder.

32. Parties Bound: This Agreement is binding upon the parties hereto and their respective successors and legal assigns.

33. Customer Protection Rights: Residential and Small Commercial Customers may enjoy certain customer protections relating to termination, suspension, disconnection, or restoration of service, special medical or physical conditions, aged persons, recipients of social services assistance, budget billing, complaints and disputes, and deferred payment agreements. For information please contact PUC. Medium, Mercantile or Large Commercial Customers, as defined herein, hereby waive these Customer Protections.

34. Change in these Terms of Service: APG&E will provide Customer with no less than thirty (30) calendar days' advance written notice of any material change in these Terms of Service. Upon receiving notice of Change in Terms, Customer shall have the right to Terminate service with APG&E until the effective date of Change in Terms, with no ETF due.

35. Intentionally left blank.

36. Assistance Paying Your Bill: Benefits may be available to qualified low-income Residential Customers. For more information contact Utility.

37. Budget Billing: Utility may offer levelized monthly payments ("Budget Billing") to Residential and Small Commercial Customers based on (i) the previous 12 months of usage at Customer's Service Locations or (ii) the estimated annual usage for Service Locations if a full 12-months of history is unavailable. APG&E does not offer Budget Billing.

Definitions

- **Agreement** – applicable Schedule A, Schedule B, Terms of Service, and any Amendment(s) or Addendum(s) thereto.
- **Ancillary Services** – costs associated with services necessary to support the transmission of electricity from generating sources to Customer and other ISO costs not otherwise included in any of the defined cost components in this Agreement.
- **Annual kWh** – commercially reasonable calculation or estimate of annualized kWh used or to be used by service location per Schedule B.
- **APG&E** – DBA for contracting entity identified as Seller in Schedule A to this Agreement.
- **Auction Revenue Rights ("ARR") Credits** – revenue credits resulting from the relevant financial transmission rights auctions conducted by ISO.
- **Basis** – difference in price between energy delivered to the hub and Energy delivered to Customer's load zone.
- **Capacity Costs** – Charge for fulfilling the capacity requirements for Customer as imposed by ISO or otherwise.
- **Change in Law** – If during the term of this Agreement, any Governmental Authority, Utility, ISO, PUC, FERC or other regulatory party introduces or changes a law, or makes a change to market structure, tariffs, rates, riders, fees, or customer load profile(s), with respect to the acquisition, sale, delivery, and/or purchase of electricity a Change in Law is deemed to have occurred.
- **Customer** – Buyer as identified in Schedule A to this Agreement. Referred to as Customer, Buyer, or you.
- **Energy** – electrical energy supplied to load zone corresponding to Customer's Service Locations as

ELECTRICITY TERMS OF SERVICE – RESIDENTIAL AND SMALL COMMERCIAL

required to meet Customer's usage requirements. If Energy is listed as passed through on Schedule A such Energy will be settled day-ahead.

- **Energy Usage** – Customer's metered kWh.
- **Energy Usage Variance** – is the amount by which Customer's Energy Usage may surpass or fall short of the monthly expected kWh derived from Schedule B without incurring an Energy Usage Variance Charge.
- **Governmental Authority** – any federal, state, local, municipal or other governmental, regulatory or administrative agency, commission or other authority lawfully exercising or entitled to exercise jurisdiction over APG&E or Customer or any transaction contemplated herein.
- **Holdover Rate** – a market-based month-to-month energy supply charge calculated using APG&E costing methodology, that may change with changes in market inputs. There is not a limit on how much the Holdover Rate may change from one billing cycle to the next.
- **Hub Energy** – energy delivered to the commercial energy trading hub corresponding with Customer's delivery point.
- **Initial Term** – the number of Month(s) as specified in Schedule A of this Agreement.
- **ISO/RTO** – Independent System Operators or Regional Transmission Organizations that manage the flow of electricity on the electric grid.
- **Kilowatt (kW)** – a measure of demand for power; 1,000 watts.
- **Kilowatt-hour (kWh)** – basic unit of measure of electric energy consumption.
- **Large Commercial Customer** – in Maryland a non-residential meter with a metered 30-minute demand that equals or exceeds 25kW, energy consumption in excess of 6,000 kWh in any 2 consecutive winter billing months, or 7,500 kWh for a single summer billing month; in New Jersey a non-coincident peak demand meter with 50 kW or greater over a 12 month calendar period; in Pennsylvania a meter with peak demand 25 kW or greater within the last 12 month calendar period; in Ohio a Mercantile Customer.
- **Line Losses** – cost of energy that is lost during transmission from the energy source (generators) to Customer, including Unaccounted for Energy (UFE).
- **Medium Commercial Customer** – a non-residential retail customer with peak demand of 50 kW or greater, but less than 1,000 kW, in the previous 12-month period.
- **Mercantile Customer** – in Ohio a commercial or industrial customer if the electricity consumed is for nonresidential use and Customer consumes more than 700,000 kWh per year or is part of a national account involving multiple facilities in one or more states.
- **MW** – a measure of demand for power; 1,000,000 watts.
- **PUC** – Public Utility Commission, the regulatory body in various states: **MPSC** – Maryland Public Service Commission for the State of Maryland; **NJBPU** – New Jersey Board of Public Utilities for the State of New Jersey; **PAPUC** – Pennsylvania Public Utility Commission for the Commonwealth of Pennsylvania; **PUCO** – Public Utilities Commission of Ohio for the State of Ohio.
- **REP** – Retail Electric Provider. An entity licensed by the PUC to offer and supply electric generation services. Also referred to as Electric Supplier in Maryland, Third Party Supplier or TPS in New Jersey, Competitive Retail Electric Service provider or CRES in Ohio, or Electric Generation Supplier or EGS in Pennsylvania A REP buys wholesale electricity, delivery service, and related services, prices electricity for customers, and sells electricity at retail. Under this Agreement your REP is APG&E.
- **Renewable Portfolio Standards ("RPS") Costs** – means the costs associated with meeting renewable portfolio standards at the levels required by currently applicable law.
- **Rescission Period** – Residential and Small Commercial Customers have the right to cancel this agreement by contacting APG&E (toll free) or via email with their name, address, phone number, account number, and the last four (4) digits of your Social Security Number as follows:
 - Pennsylvania and Maryland within three (3) federal business days of receiving this Terms of Service, and
 - Ohio New and Jersey within seven (7) days of receiving confirmation from EDU or LDC.
- **Small Commercial** – in Maryland a non-residential meter that does not meet the definition of a Large Commercial Customer; in New Jersey a meter with non-coincident peak demand of 49 kW or less over a 12-month calendar period; in Ohio a commercial customer that is not a Mercantile Commercial customer; in Pennsylvania a non-residential meter with maximum registered peak load of less than 25 kW over the last 12 months.
- **Taxes** – any and all taxes and fees imposed on purchase or sale of electricity by any Governmental Authority.
- **Transmission Costs** – charge for Network Integration Transmission Service ("NITS") and Transmission Enhancement Charges ("TEC"), each as identified in the applicable Open Access Transmission Tariff ("OATT") for the provision of transmission service by ISO within Utility's service territory.

SUPPLIER CONTRACT SUMMARY
AP GAS & ELECTRIC (PA), LLC (DBA APG&E)

Electric Generation Supplier Information	AP Gas & Electric (PA), LLC dba APG&E / PA PUC License No. A-2010-2192731 Toll-free 1-877-544-4857 (9AM-8PM Mon-Thu, 9AM-5PM Fri, 10AM-2PM Sat, Eastern Time) 6161 Savoy Dr., Suite 500 Houston, TX 77036 www.apge.com customer@apge.com <i>APG&E is responsible for generation charges.</i>
Price Structure	Rate Plan: Fixed Price Base Charge (\$) per month: The Base Charge, if applicable, is an administrative fee per month.
Generation/Supply Price	¢ per kWh for the Initial Term.
Statement Regarding Savings	A fixed rate can save you money by enabling you to pay a lower price when the market price is high; however, the supply price does not guarantee savings.
Deposit Requirements	APG&E reserves the right to determine if your credit standing is satisfactory for originating and continuing electricity supply service under this Agreement. Consistent with applicable law, APG&E uses uniform income, deposit and credit requirements in determining whether to offer or continue service to our customers.
Incentives	This offer does not include any bonuses, discounts, cashback, etc.
Contract Start Date	You will receive electricity from APG&E beginning on the first available switch date as determined by your EDC.
Contract Term/Length	Months
Cancellation/Early Termination Fees	You may rescind this contract within 3 business days of receipt of these terms with no penalty by providing written notice, calling or emailing APG&E. If you cancel this Agreement for any other reason after the 3 day rescission period during the Initial Term, you will be assessed an Early Termination Fee and will be responsible for payment of all outstanding charges incurred through the date on which the cancellation is effected by the EDC. You will be responsible for all other charges incurred by APG&E as a result of the termination of the Agreement including, but not limited to, all applicable taxes, and APG&E associated collection costs and reasonable legal expenses. Please see Agreement for details on calculation of Early Termination Fees.
Renewal Terms	When a fixed price Agreement with us is approaching the expiration date (renewal period), or if we propose to change the terms of service, we will send you two (2) advance notices. The Initial Notice will be provided sixty (60) – forty-five (45) days prior to the effective date of the proposed change in terms. The Second Options Notice will be provided at least thirty (30) days prior to the effective date of the proposed change in terms. We will explain your options in these two (2) advance notices. If you fail to respond to the renewal notices, this Agreement will automatically default to a variable Holdover Rate set by APG&E until you renew or terminate in writing at least thirty (30) days prior to the expiration date.
Electric Distribution Company Information	The EDC is responsible for distribution charges, as well as any emergencies/outages and service orders. Please contact your EDC using the contact details provided below.
Other Fees	If you are not on consolidated billing but you are on dual billing or APG&E invoices you for both generation and distribution electric charges, then you will be subject to a late payment charge of 1.5% per month if you do not pay your APG&E invoice by the Due Date. A thirty dollar (\$30.00) fee will be applied for insufficient funds.
