

Your Energy Partner With A Road Map for Community Impact

Christopher Gersch, Founder and CEO of Verde Solutions, grew up with aspirations of owning his own business while making a difference in the lives of others. His vision was to create a company that could positively impact the communities it serves. This vision became a reality when he founded Verde Solutions, LLC in 2012.

Verde Solutions partners with businesses, municipalities and educational centers across the country to develop comprehensive energy efficiency solutions. Verde Solutions has developed more than 1,300 energy efficiency projects in 48 states and has expanded internationally. Verde Solutions initially focused on energy reduction (LED Lighting, HVACR, and Controls) and, with a dedicated focus on sustainability, added energy generation solutions including

Solar & CHP. Verde Solutions' passion for sustainability is shared by many of its Fortune 100 clients. Verde Solutions is proud to partner with these companies to achieve significant and lasting improvements in environmental and social outcomes. Due to the hard work and dedication of the entire Verde Solutions team, the company has been recognized on the Inc. 500 list of fastest growing companies three consecutive years, starting in 2017.

Verde Solutions' philanthropic initiative is an extension of its purpose to improve the lives of others. By establishing a culture of giving back to the communities it serves via targeted financial contributions and dedicated service at a corporate level, employees are encouraged to become selfless citizens.
