

Case Study: Morton College

Our Client

Morton College, the second oldest community college in Illinois, was founded in 1924 to meet the educational demands in the growing communities of Berwyn, Cicero, Forest View, Lyons, McCook, Stickney and other near-western suburbs.

Project Snapshot

Annual Usage:
6,000,000 kWh

Annual Savings:
\$120,000

Price Protection:
Yes

Locations:
Entire Campus

Opportunity

Morton College is a budget conscious education center that was searching for a partner to help achieve an optimal purchasing strategy for its energy supply.

Solution

Morton College partnered with Navigate Power and moved from a variable electricity rate to a fixed rate saving a significant amount annually on their electricity expenses. Navigate Power used a combination of market expertise, data analysis, and futures projection models, to advise Morton College on this adjustment proving price protection and budget certainty.
