**PowerSupply Coordination® Agreement New Jersey Fixed AI UCB  
Matrix Terms and Conditions**

**1. Nature of Service:** This Agreement shall become effective only upon (i) execution by Buyer of the Pricing Attachment and this Agreement; and (ii) the earlier of execution of this Agreement by Direct Energy or written confirmation by Direct Energy of its acceptance of this Agreement to Buyer. Upon such effectiveness, Direct Energy will provide PSC Services and Electricity to meet Buyer's full usage requirements at Buyer's Facility(ies) and Buyer will receive and pay for PSC Services and Electricity to meet such usage requirements. Direct Energy will deliver Electricity to the Host Utility for delivery to Buyer's Facility(ies). The Electricity provided under this Agreement will be Firm. Title to, control and possession of Electricity shall pass from Direct Energy to Buyer at the Point of Delivery.

**2. Qualification-Authorization to Act as Limited Agent:** Without limiting Section 1, as a condition to Direct Energy's obligations hereunder, (a) Buyer is authorizing Direct Energy to obtain all required account and usage information for all Facility(ies) from the Host Utility upon execution of this Agreement and (b) Buyer must be accepted by Direct Energy and the Host Utility into the utility consolidated bill (UCB) program, whereby Buyer will receive a consolidated utility bill for both PSC Services and Electricity provided by Direct Energy and delivery services provided by the Host Utility. Buyer agrees to appoint Direct Energy as its limited agent to perform the necessary tasks associated with its electric generation service and fulfill the terms of this Agreement. Buyer authorizes Direct Energy to execute a letter of authorization, as required by the Host Utility, and to obtain information from the Host Utility that includes Buyer's billing history, payment history, historical and future electricity usage, meter readings, and characteristics of electricity service. It is expressly understood that Direct Energy will not countersign this Agreement, purchase Electricity for Buyer's Facility(ies) or provide PSC Services until such condition is met.

**3. Term:** Direct Energy shall use its reasonable efforts to commence service on the Facility(ies) meter read date in the start month stated on the Pricing Attachment. However, Buyer acknowledges that the commencement of service hereunder is dependent upon confirmation by the Host Utility of the completion of all required enrollment processes and if such enrollment processes occur after the Facility(ies) meter read date in the start month stated on the Pricing Attachment, Buyer's Facility(ies) shall be enrolled at the next available meter read date. Service shall continue through the Facility(ies) meter read date in the end month as stated in the Pricing Attachment (the "Initial Term") unless sooner terminated as provided herein. At the end of the Term, this Agreement shall automatically continue on a month to month basis ("Monthly Renewal"; each Monthly Renewal together with the Initial Term shall be the "Term") at the market-based costs as set forth in Section 4.

**4. Price:** The price per kWh to be paid by Buyer for the services provided hereunder during the Term of this Agreement (the "Price") shall be that set forth on the Pricing Attachment. The Price includes applicable costs for Energy procured in accordance with Direct Energy's policies; any applicable network integration transmission service charges (NITS); Ancillary Services; losses; Capacity (as mandated by the PJM OATT and Operating Agreement, or as modified by PJM or approved by FERC); any Reliability Must Run ("RMR") charges, as applicable; as required by law, any fixed or fixed portion of the Price set forth herein is inclusive of New Jersey State Sales and Use Tax ("NJ SUT"). For market based pricing and any unfixed portion of the Price, NJ SUT is not included in the Price set forth herein and will be added to the Price on Buyer's invoice. The Price may be adjusted by Seller to reflect any change in applicable NJ SUT, and such change will appear on Buyer's invoice; and the PSC Services fee. Any transactional taxes or other governmental or regulatory imposed taxes or surcharges to which Buyer may be subject, and which are not mandated by law to be included in the Price are not included in the Price and shall be invoiced to Buyer in addition to the Price. The Price does not include any transmission and Distribution charges for services provided by the Host Utility.

The price per kWh during any Monthly Renewal will include the market-based cost for Energy as determined by Direct Energy, plus all other taxes, costs, charges or fees which are set forth in the Price section of this Agreement.

Buyer acknowledges that any costs assessed by any third party as a result of the provision of service hereunder, including but not limited to switching costs, are not included in the Price and shall be the responsibility of Buyer.

**5. Billing and Payment:** Buyer will receive from Host Utility a monthly invoice, incorporating both the services provided under this Agreement and Host Utility charges, in accordance with the Host Utility's meter reading and billing cycle schedule. Direct Energy shall have the right to assign to Host Utility all amounts due from Buyer to Direct Energy and Buyer is to

remit payment in full to the Host Utility. If Buyer fails to remit payment in full in any month, a late payment charge will be assessed at the same rate and in the same manner as Host Utility applies late payment charges to its unpaid charges. The Host Utility may, at its option, disconnect all services to Buyer for any failure by Buyer to make full payment of all amounts billed in accordance with New Jersey's Board of Public Utilities (NJBPU) rules for residential and non-residential service. In the case of such disconnection, Buyer shall be responsible for any and all charges required to reconnect service. If Buyer is disconnected, this Agreement shall terminate and shall be responsible for any to Actual Damages.

If for any reason during the Term of this Agreement, Buyer is terminated, suspended or withdraws from the utility consolidated bill program, Direct Energy, at its sole option, may either terminate this Agreement, in which case such termination would be responsible for Actual Damages, or continue to provide PSC Service and Electricity to Buyer on a dual bill basis pursuant to this Section 5. If Direct Energy decides to continue to provide PSC Service and Electricity to Buyer on a dual bill basis, Buyer will receive from Direct Energy a monthly invoice following its meter read date for Direct Energy's Services provided under this Agreement and the Host Utility will continue to bill Buyer directly for any transmission and Distribution charges

Buyer will receive separate monthly invoices from Direct Energy, unless Buyer selects the Aggregated Billing option as described in this paragraph and reflected in a "Billing Contract Information and Selection Form." "Aggregated Billing" means that billing for Buyer's Facility(ies) may be combined into a single monthly invoice (excepting however, that a aggregated invoice may contain no more than fifty (50) Facilities. If Buyer has more than fifty (50) Facility(ies), Buyer shall receive more than one aggregated invoice). If Buyer selects Aggregated Billing, Direct Energy shall choose the day of the month on which to deliver an invoice to Buyer based upon the Facility(ies) meter read dates. In the event Buyer desires to discontinue Aggregated Billing and instead receive a separate invoice for each Facility, Buyer shall submit such request in writing to Direct Energy and Direct Energy shall separate Buyer's invoice provided that there are no outstanding invoice balance(s) on Buyer's Facility(ies).

In the event that Direct Energy provides a separate monthly invoice for its services, payment-in-full is due twenty (20) days from the date of the invoice. If Buyer fails to remit payment in full in any month, interest will be assessed on the late balance at the lower of one-and-one-half percent (1.5%) per month or the highest rate allowed by law.

If in any month Direct Energy does not receive the information necessary to invoice Buyer or uses information obtained from a third party meter reading service, Direct Energy may use either estimated data or the third party meter usage data to calculate Buyer's invoice and, upon receipt of actual data in the case of an estimated read, reconcile the amount billed on future invoices. If Buyer's Facility(ies) have any interval meters, Buyer acknowledges that the usage information for such meters contained on the Direct Energy invoice may vary from that contained upon the Host Utility bill as a result of different billing cycles being utilized for those meter reads.

Notwithstanding anything to the contrary of the above, if Buyer is enrolled or becomes enrolled in any net metering program, Buyer understands and agrees that Direct Energy will modify Buyer's billing option to a dual bill option consistent with the description above.

**6. Credit:** Direct Energy may request that Buyer provide financial information sufficient for Direct Energy to complete a credit review prior to providing service hereunder. If, prior to commencing service or at any time during the term of this Agreement, Direct Energy has good faith concerns about the creditworthiness of Buyer, Direct Energy may require that Buyer provide reasonable credit assurances, including but not limited to, an escrow account, deposit, letter of credit, or parental guaranty.

**7. Load Change Information:** In order to assist Direct Energy in providing accurate expected usage information to Buyer's Host Utility, Buyer shall timely notify Direct Energy of any anticipated significant changes in its actual usage. Without limiting Buyer's obligation to provide such notice, Buyer shall give Direct Energy at least thirty (30) days' notice ("Notice of Load Change") prior to 1) removing a Facility(ies) from service hereunder as a result of i) ceasing operations at such Facility(ies), ii) closure of the Facility(ies) or iii) the sale of the Facility(ies) to an unrelated third party, and/or 2) engaging in any load usage reduction as a result of any third party arrangement(s), or programs(s). Buyer shall be responsible for payment of any Actual Damages incurred by Direct Energy, if any, as a result of any such changes.

Also, if Buyer has a change in usage of 100% or more for its Facilities, Direct Energy may pass through the resulting cost increases to Buyer. If Direct Energy elects to pass through such cost increases, Direct Energy will calculate the amount of such costs in a commercially reasonable manner and submit an invoice to Buyer, which invoice will be due and payable pursuant to the payment terms of this Agreement.

**8. Change in Law:** If regulatory changes shift costs from the Host Utility or ISO to Direct Energy or from Direct Energy to the Host Utility or ISO, then such costs or credits may be passed through to the Buyer. If any laws, orders, decisions, regulations or rules are passed, modified, interpreted or implemented by judicial or regulatory order, administrative proceeding or legislative enactment, there is any change in any rate or rate class as to Buyer's facilities, or any changes are instituted in the utility consolidated bill program, which creates additional costs not currently included in the Price or increases in the cost components of the Price (the

"Incremental Charge"), then Direct Energy may pass through such Incremental Charge to be paid by Buyer in addition to the Price and in accordance with the payment terms in this Agreement.

**9. Limitation of Liability Disclaimer:** EACH PARTY AGREES THAT IT HAS A DUTY TO MITIGATE DAMAGES AND COVENANTS THAT IT WILL USE COMMERCIALY REASONABLE EFFORTS TO MINIMIZE ANY DAMAGES IT MAY INCUR AS A RESULT OF THE OTHER PARTY'S PERFORMANCE OR NON-PERFORMANCE OF THIS AGREEMENT. TO THE MAXIMUM EXTENT POSSIBLE UNDER LAW, ARTICLE 2 OF THE UNIFORM COMMERCIAL CODE SHALL APPLY TO ELECTRICITY SOLD HEREUNDER. DIRECT ENERGY MAKES NO REPRESENTATIONS OR WARRANTIES OTHER THAN THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT, AND EXPRESSLY DISCLAIMS AND NEGATES ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

**10. Termination:** This Agreement may be terminated at any time after the date hereof (i) by mutual consent in writing by the parties, (ii) by either party if there has been an Event of Default that is not cured within fifteen (15) calendar days of the defaulting party's receipt of written notice from the non-defaulting party, (iii) by Direct Energy if Buyer fails to provide the credit assurance requested, pursuant to Section 6 within seven (7) days of being requested by Direct Energy, (iv) during a Monthly Renewal pursuant to Section 3, by either party upon providing the other party with thirty (30) days prior written notice, or (v) by Buyer, upon written notice of rescission of this Agreement within three (3) days.

In the event this Agreement is terminated by Buyer prior to the expiration of the Initial Term and where permitted by applicable law (and such termination is not the result of an uncured breach of Direct Energy pursuant to subsection (ii) of Section 10 above) or if Direct Energy terminates this Agreement pursuant to subsections (ii) or (iii) above, the following calculation of Direct Energy's damages shall apply and serve as Direct Energy's exclusive remedy (except in the case of a breach of the confidentiality obligations set forth in Section 15): if Buyer's historical load profile for the 12 months prior to the date of termination was (A) under 100,000 kWh, Buyer shall pay to Direct Energy an amount equal to the lesser of (i) \$200 or (ii) the maximum extent permitted by applicable law; and (B) equal to or over 100,000 kWh, Buyer shall pay to Direct Energy an amount equal to, at Direct Energy's election, the greater of (i) \$200 or (ii) any Actual Damages. Buyer understands and acknowledges that, to the extent that Buyer's historical load profile for the 12 months prior to the date of termination is equal to or over 100,000 kWh, Direct Energy will incur substantial damages as a result of Buyer's breach, and is entitled to be paid the Actual Damages incurred as a result of such breach.

**11. Effect of Termination:** In the event of termination as provided in this Agreement, all further obligations of the Parties under this Agreement shall terminate without further liability of the Parties, except for the payment by the owing Party of any sums due and owing to the other Party for services rendered prior to the termination date, any Actual Damages (in the event of termination under subsection (ii) or (iii) of Section 10 above), any damages due Direct Energy pursuant to the calculation set forth in the second paragraph of Section 10 above, any confidentiality obligation of either Party which has arisen hereunder and any other obligation hereunder which by its nature survives the termination of this Agreement.

**12. Applicable Law:** As to all matters of construction and interpretation, this Agreement shall be construed, interpreted, and governed under and by the laws of the State of New Jersey, without regard to its choice of law provisions.

**13. Parties, Assignment:** This Agreement shall inure to and benefit the parties hereto and their permitted successors and assigns. Neither party may assign this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld. Notwithstanding the above, Direct Energy may, without the consent of Buyer, assign its rights and obligations under this Agreement for the limited purpose of securing credit and financing or to any person or entity succeeding to all or substantially all of the assets of Direct Energy. Further, either party may, without the need for consent from the other party, transfer or assign this Agreement to an Affiliate of such party provided that such Affiliate has substantially equivalent financial capability to that of the assigning party and that such assignee shall agree to be bound by the terms and conditions hereof.

a. "Actual Damages" means the total amount of the loss that the non-defaulting party (or, in the event of a termination

without cause, the non-terminating party) (as applicable, the "Damaged Party") would experience as a result of termination. As to each terminated transaction, Actual Damages shall be deemed to equal: (A) where Direct Energy is the Damaged Party, the positive difference, if any, between the contract price as defined in the Price section of the Agreement of the Electricity for the remaining term of such terminated transaction and the market price of the Electricity for the remaining term of such terminated transaction, in each case as determined by Direct Energy in a commercially reasonable manner; and (B) where Buyer is the Damaged Party, the positive difference, if any, between the market price of the Electricity for the remaining term of such terminated transaction and the contract price as defined in the Price section of the Agreement of the Electricity for the remaining term of such terminated transaction, in each case as determined by Direct Energy in a commercially reasonable manner. For the avoidance of doubt, "contract price" shall include the PSC Services fee for purpose of the above calculations.

- b. "Ancillary Services" means wholesale electric services and products required to facilitate delivery of Energy to the Host Utility.
- c. "Distribution" means all delivery service for Energy and applicable Ancillary Services provided by the Host Utility.
- d. "Electricity" means the combination of Energy and Ancillary Services which are provided by Direct Energy under this Agreement.
- e. "Energy" means electrical energy, as measured in kilowatt hours (kWh) or megawatt hours (MWh).
- f. "Event of Default" means: (a) the failure of a Party to make, when due, any payment that is required under this Agreement; (b) any representation or warranty made by a Party that proves to be false or misleading in any material respect; (c) the failure of a Party to perform its obligations under this Agreement, except to the extent such failure is excused by a Force Majeure event; (d) Buyer's failure to cooperate with Direct Energy as reasonably required in order for Direct Energy to perform its obligations under this Agreement. If an Event of Default has occurred, (a) the non-defaulting Party shall have the right to setoff and net against any undisputed amounts owed by the defaulting Party to the non-defaulting Party under this Agreement, and (b) Direct Energy shall additionally have the right to setoff and net against any deposit or security provided by Buyer pursuant to this Agreement any amounts, charges or damages owed by Buyer to Direct Energy.
- g. "Facility(ies)" means the electric account meter(s) located at the service addresses for which Buyer has the authority to purchase Electricity under this Agreement and which are set forth on the Pricing Attachment.
- h. "Firm" means that parties may only suspend performance to the extent that such performance is prevented for reasons of Force Majeure.
- i. "Force Majeure" means any "Act of God" or other unexpected and disruptive event beyond the reasonable control of either party that interferes with either party's ability to perform its obligations under this Agreement, except for the obligation to pay monies due. Any party which is unable to perform its obligations hereunder as a result of a Force Majeure event shall provide written notice to the other party of the existence of such event and exercise due diligence to remove such event with all reasonable dispatch, but shall in no event be required to incur any commercially unreasonable expense in doing so. It is expressly understood by the parties that the ability of Direct Energy to sell the products and services provided hereunder at a price greater than the Price paid by Buyer shall not constitute an event of Force Majeure. Conversely, the ability of Buyer to purchase the products and services provided hereunder for an amount less than the Price shall not constitute an event of Force Majeure. Buyer acknowledges that while Direct Energy may take title to Energy provided hereunder, Direct Energy does not own or operate transmission or distribution systems through which Energy is delivered to Buyer, and the Parties therefore agree that Direct Energy shall not be liable for any damages associated with any failure in the delivery of Energy in connection with the failure of such transmission or distribution systems.
