

FIRST POINT
POWER

OUR BUSINESS

First Point Power is a relationship-driven, operationally efficient, electricity supplier operating in the northeast United States within deregulated energy markets.

Our high-touch service culture and competitive pricing consistently exceed the expectations of channel partners and commercial users alike.

EVERY TRANSACTION IS A PARTNERSHIP.

TARGETED INDUSTRY EXPERIENCE

KNOWLEDGE. We adapt to changes in the market through targeted risk-management strategies to help you make the best energy procurement decisions. **We know energy.**

SECURITY. We analyze current data and stay on top of the latest changes in the market to identify risk. We hedge and trade to mitigate those risks to produce **stable and secure energy procurement strategies.**

RESPONSIVE AND PROFESSIONAL SERVICE

ACCESSIBILITY. We understand the importance of accessibility in a changing market. We offer our partners and customers **fast, personalized support.**

CONFIDENCE. We offer an intelligent and expert team of energy professionals. We find solutions for each of our clients - **keeping in mind every situation is unique.**

COMPETITIVE PRICING

FLEXIBILITY. Our finance expertise and product offerings allow us to offer **cost-efficiencies.** Our solutions work within your budget parameters.

TRANSPARENCY. Our contract process is simple and straightforward. We provide honest quotes to guarantee **accurate, timely, and fair pricing.**
