

Case Study: Suparossa Restaurant Group

Our Customer

Founded in Italian roots, Suparossa has become a beloved Chicago institution that has grown beyond its original location into the area suburbs, to now include 13 locations. With a mix of restaurants, catering and event space Suparossa is a true gem in the Chicagoland food scene.

Project Snapshot

Annual Usage
3,500,000

Annual Savings
\$35,000

Price
Protected

Opportunity

Suparossa Restaurant Group was interested in ways to reduce operating cost across its 13 locations by examining their energy budget. Suparossa was using multiple suppliers and paying different rates throughout its 13 locations which demanded more analysis and a larger time commitment.

Solution

Navigate Power utilized is proprietary procurement platform, Navigate Exchange (NEX), which gave Suparossa direct access to the nation's leading retail energy suppliers. With the recommendation to consolidate and aggregate usage and locations under one supplier, Navigate was able to procure a lower rate and provide price protection for all 13 locations, saving time and money.
