Bringing You the Buying Power of 35,000 Businesses

Working with a professional and experienced energy procurement consultant provides incredible value to your business. The evolution of the energy market, as well as changing regulations, have made it more difficult for companies to control energy expenses. Having a *transparent relationship* with a company who understands your business, advocates for you and acts as a consultant while developing an energy strategy can be a true asset to any business that values its bottom line. **Navigate Power is that partner.**

Navigate Power has over 35,000 commercial clients, ranging in size from small businesses to Fortune 500 clientele. Our book of business is approximately 10 billion kWh of annual electricity usage and 5,000,000 MCF of natural gas usage and currently manages over \$1 billion in client energy spend.

When we procure an electricity or natural gas contract on your behalf, we're leveraging 30,000 clients, \$1 billion, and over 105 direct supplier relationships to give you the **most comprehensive product offering in the energy market.**
